Arizona Senior Living & Care Facilities. One Simple Interface.

Search, map and route communities across the ElderLogic database from one centralized view.

UPDATED MONTHLY

Current Facility Database & Validated Contact Information

HISTORICAL AZDHS DATA

Licensing, inspection, violation, enforcement history & intelligence

INTERACTIVE MAPPING

Search & visually explore communities across Arizona

SMART ROUTING

Client pre-tour & marketing outreach routes created for your team, plus create-your-own routes.

Capture What Matters Fast.

Start every placement with the right information.

A comprehensive client assessment designed to get placement started quickly. **Only the most critical information is required, giving communities what they need to make an initial yes-or-no determination at a glance.**

EASY TO COMPLETE

Simple, step-by-step fields for efficient data entry.

BUILT FOR QUICK RESPONSES

Only critical client information is required so communities can quickly determine whether they may be a fit.

BUILT-IN VALIDATION

Helps reduce errors & ensures speed with data consistency.

READY FOR ACTION

Powers placement matching, outreach, and custom routing.

The image shows a smartphone screen with the ElderLogic app open. The status bar at the top shows the time as 9:41 and full signal and battery icons. The app header includes the ElderLogic logo and a hamburger menu icon. The main title is 'Assessment Form'. Below it is a section titled 'Name & Locale' containing two input fields for 'Client Name', labeled 'First Name' and 'Last Name'. The next field is 'Current Location Type' with a dropdown menu showing '-Select-'. Below that is a section titled 'POA' (Point of Access) with three input fields: 'POA Full Name', 'POA Relationship', and 'POA Type' (which has a dropdown menu showing '-Select-'). At the bottom of the POA section are two input fields for a phone number, one for the country code (showing '+1' with a US flag) and one for the number itself (showing '201-555-0123'). The final field is 'POA Email'.

Every Client. One Place.

Everything your team needs.

Nothing they don't.

ElderLogic keeps client information organized and accessible without the complexity of a traditional CRM. **A purpose-built, streamlined interface means less clutter, less training and faster adoption.**

CENTRALIZED CLIENT VIEW

Every submitted client is organized in one accessible workspace.

KEY DETAILS AT A GLANCE

Quickly view client demographics, POA information & client details.

FULL ASSESSMENT ACCESS

Open any client to review the complete assessment and placement needs.

Every Pre-Tour Becomes a Marketing Opportunity.

Guide the Client. Evaluate the home. Turn a warm introduction into a lasting relationship.

ElderLogic equips your team with everything they need for a purposeful pre-tour—from client-specific community responses and facility intelligence to an optimized route. **Each visit becomes an opportunity to evaluate the home, support the client and build a meaningful relationship with the community.**

DYNAMIC ROUTE OPTIMIZATION

Re-optimize the pre-tour route at any time as plans change.

CLIENT SPECIFIC ROOM DETAILS

View each home's responses to the client's needs, along with key historical AZDHS metrics.

DIRECT AZDHS ACCESS

Open the home's full AZDHS listing directly from the route.

Plan the Day. Work the Territory. Build the Relationships.

Give your team the freedom to plan their day. ElderLogic Concierge handles the outreach and routing.

Your team controls their schedule and territory. Reps choose when and where they want to market, and ElderLogic Concierge handles the outreach and route planning—so they arrive at communities already interested in meeting them.

REP-DRIVEN SCHEDULING

Reps choose their own date, time and target area based on their territory and schedule.

CONCIERGE OUTREACH & ROUTING

ElderLogic contacts nearby communities with your placement value proposition and builds the route around homes interested in meeting your rep.

WARMER INTRODUCTIONS

Reps walk in with a reason to connect: your hospice can bring residents directly to the home without outside placement-agent fees.

.....We do our own placements, saving you from paying any placement agent fees.....

Can't wait to meet!

The image shows a smartphone screen displaying the ElderLogic app interface. At the top, the status bar shows the time 9:41 and signal strength. The app header includes the ElderLogic logo and a menu icon. The main title is 'Marketing Visits Form'. Below this, there are three input fields: 'Date to Visit' with a calendar icon, 'Start Time' with a clock icon, and 'End Time' with a clock icon. A section titled 'SEARCH ANCHOR ADDRESS' follows, with a text prompt: 'Enter an address in the area you want to visit. Homes within 1 mile of this address will be included.' Below this prompt is a table with four rows: 'Address', 'City', 'State', and 'Zip', each with an empty input field. At the bottom of the form is a green 'Submit' button.
